## **Friendships**

*Pedro Parjus*

Throughout our lives, many challenges are encountered.

You may choose from different paths  
And on each one, obstacles will arise;  
Some obstacles are stronger than others,  
And take different methods to clear  
But with a friend by your side every obstacle  
becomes smaller.

You may have all the riches in the world  
And possess many unique characteristics,  
But if you don't have a friend to whom you can  
talk

All of the other things are worthless.  
Friends relieve you from pain,  
Sit with you through unpleasant situations  
And are always available when you need them.  
With a friend's helping hand,  
You have the ability to surpass the many  
challenges of life.

Unlike most artifacts in today's world,  
Friends are chosen by their personality,  
If chosen correctly, strong friendships can form.  
Like a growing flower  
Friendship must be cultivated to grow properly,  
Affection, care and trust must be combined.

Carefulness is necessary.  
Once a friendship is thrown away  
A heart may never be the same.  
Carefulness is always necessary,  
Never take friendships for granted.
